CTS Cement Products Now Included In BSD SpecLink-E

Cypress, CA – CTS Cement Manufacturing Corporation is pleased to announce their Komponent[®] Shrinkage-Compensating Concrete systems and TRU[®] Polished Concrete Flooring products are now in the BSD SpecLink-E program.

Both are referenced in Section 03 30 00 – Cast-In-Place Concrete. Specifying Komponent[®] (Type K) Shrinkage-Compensating Concrete and high performance TRU[®] polished overlays just got easier. AIA CEU sessions are also available.

For more information or product selection assistance, please contact our Komponent[®] or TRU[®] experts at (800) 929-3030. Komponent[®] – Susan Goodman sgoodman@ctscement.com | TRU[®] Polished Overlays – Joe Zingale jzingale@ctscement.com

About CTS Cement:

CTS Cement Manufacturing Corporation manufactures Rapid Set[®] professional-grade cement products for concrete repairs and new construction projects. Contractors, owners, engineers and architects choose Rapid Set to eliminate problems they have with other concrete repair materials, to save time and money, when superior durability is required and results need to be aesthetically pleasing. For more information about CTS Cement and Rapid Set, please visit www.ctscement.com.
