

# STAMPED CONCRETE

THE PERFECT OUTDOOR PAVING CHOICE

One of the most popular paving surfaces for front yards and backyards, stamped concrete adds texture, pattern, and color to patios, pool decks, driveways, courtyards, and more. Designed to resemble brick, slate, flagstone, stone, tile and even wood, the natural, authentic look of stamped concrete makes it an economical and design-savvy choice for outdoor living areas.

## PEOPLE WHO CHOOSE STAMPED CONCRETE

  
LOVE THE  
CUSTOMIZATION  
OPTIONS

  
PERFORM  
MINIMAL  
MAINTENANCE

  
CONSERVE RESOURCES  
THROUGH CONCRETE'S  
GREEN BENEFITS

  
AVOID PAVERS THAT  
REQUIRE RESETTING  
OR REPLACEMENT

  
REPORT BETTER  
SLIP RESISTANCE

  
APPRECIATE THE  
LONG-LASTING  
SURFACE

  
HAVE LESS  
TRIPPING HAZARDS

## POPULAR PATTERN & DESIGN OPTIONS

**Ashlar Slate**  
Surface texture is rough, split stone.  
Ideal with traditional and old world  
style architecture.

**Cobblestone**  
Surface texture is natural slate.  
Ideal with old world style architecture.

**European Fan**  
Surface texture is split, natural stone.  
Ideal with old world style architecture.

**Brick/Herringbone**  
Surface texture is new, unused brick.  
Ideal with traditional style architecture.

**Seamless Slate**  
Surface texture is life-like, natural stone.  
Ideal with tropical, rustic, and  
modern architecture.

**Random Stone**  
Surface texture is natural, fractured stone.  
Ideal with rustic or ranch style architecture.

## Stamped Concrete Color Options

Stamped concrete can be integrally colored when the concrete is poured, or it can be colored topically before the stamping process begins.

 A lighter base color for the primary color of the concrete accented or highlighted by a darker secondary color is what makes stamped concrete come alive and provides the perception of stone, tile, wood, or rock.

### Most Popular Colors

Subtle earth tone shades are most popular for stamped concrete used outdoors.

You can also create a one-of-a-kind design by mixing and matching several different colors.

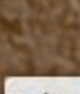

## Materials Comparison: How Stamped Concrete Stacks Up

Decorative stamped concrete offers a number of advantages that other paving materials can't match, particularly when it comes to cost and ease of maintenance.

## The Many Uses of Stamped Concrete

Stamped concrete can be used in a variety of ways to create a decorative statement for your home or business. Here are some of the most popular uses:

-  **Walkways**  
Decorative design options add great curb appeal.
-  **Driveways**  
A durable and stylish solution to spruce up the entrance to your home.
-  **Patios & Pool Decks**  
Replicate exotic & traditionally expensive materials such as slate, stone or wood.
-  **Courtyards & Entryways**  
Usher visitors to your front door with warm and inviting entries.
